WHO ARE WE?

& how can you help

Windows 4 Opportunity are a group of Charities & organisations who have joined forces to achieve a shared vision. A vision that sees all residents of Direct Provision with access to education & employment.

Our aim is to provide laptops to people living in Direct Provision whose opportunity to avail of an education has been stunted by their circumstances & lack of access to technology.

- 900 untapped talents
- 900 prospects
- 900 contributions to society
- 900 hopefuls
- 900 dreams
- 900 names

#WINDOWS4OPPORTUNITY

WHY LAPTOPS?

900 names

We're seeking to support 900 individuals in achieving their dreams by accessing education and you can support us by donating any amount, big or small at our GoFundMe.

Without access to technology, your chances of an education and your chances of securing employment are nil. Your opportunity to connect with the outside world does not exist.

Sadly, for many students enrolled on courses that have since moved online, their ability to continue their studies is not possible.

Having access to technology will not just allow people access to education and job opportunities, it will instil a sense of hope for their future. A hope that when things change, they will be ready to embrace a new life, a new career and a future full of opportunity.

Give the gift of hope, give the gift of opportunity, create a window of opportunity & change someone's life.

WAYS 2 HELP!

You can donate any amount!
Gift a laptop
